Through Zero and Beyond – Multiple Steps at a Time

Ria is on a mission to find the lost Time Stones scattered across the Number Trail. The path moves through valleys of negative numbers and hills of positives — and she must count in multiples (like 2s, 5s, and 10s) to find them! Help Ria track them down by solving each puzzle on her journey.

Questions

1. Ria finds her first clue:

She counts in multiples of 5 starting from –15. What is the next number?

a) –10

b) –5

c) 0

d) None of the above

2. Ria climbs up the Ice Mountain.

She counts from –40 in tens.

Which number will she say after 5 steps?

a) –30

b) 10

c) 20

d) None of the above

3. Ria finds a stepping stone path,Help her count and match the steps:

a) –20, –10, 0	5
b) –5, 0, 5	2
c) –2, 0, 2	3
d) –3, 0, 3	10

4. Ria is walking through the Forest of 2s:

Fill in the blank:

If she counts in 2s: –4, –2, ___, 2, 4
